MORNING MEETING ACTION ITEM

TO: DD/S

DD/S reported that power surges connected with the electrical storms over the weekend caused a temporary breakdown in OCS and the Signal Center. The Director asked DD/S to determine why they were excavating this morning in the vicinity of the Printing Services Building.

TO: Executive Director-Comptroller

19 AUG 1969

25X1 [] was advised to inform the Director that the sidewalk and roadway to the West Parking Lot were being repaired because we have had several accidents at that scene.
